Dear Mr. Fulton:

On behalf of the U.S. Environmental Protection Agency (EPA), congratulations on being selected as a 2018 ENERGY STAR Partner of the Year Sustained Excellence Award winner. You are part of a distinguished group that has made a long-term commitment to improving public health and protecting the environment by eliminating energy waste and associated pollution.

ENERGY STAR drives innovative, market-wide energy-saving practices and technological advances that contribute to a stronger economy while protecting the environment through broad emissions reductions. By sustaining your ENERGY STAR commitment, you continue to lead the way for others, proving that when you save energy the financial value accrues across the board.

Your efforts, along with the efforts of our other partners, have had a significant impact. Since 1992, ENERGY STAR and its partners have saved American families and businesses \$430 billion in energy costs and 4.6 trillion kilowatt-hours of energy, while achieving broad emission reductions.

We appreciate your leadership in the ENERGY STAR program and look forward to continuing our valuable partnership. Again, congratulations on your award.

Sincerely,
